

10000 CFU/G Fruit Raspberry Juice Powder Highly Soluble In Cold Water

Our Product Introduction

for more products please visit us on peptide-powder.com

Basic Information

- Place of Origin: China
- Brand Name: Hongbaiyi
- Certification: COA, HPLC MR
- Model Number: HBY-Raspberry Juice Powder
- Minimum Order Quantity: 1 kg
- Price: Negotiable
- Packaging Details: 10kg/bag
- Delivery Time: 3~5 days, upon receipt of payment
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 30000 Kilos

Product Specification

- Name: Raspberry Juice Powder
- Total Plate Count: $\leq 10,000$ CFU/g
- E. Coli: Absent In 1g
- Salmonella: Absent In 25g
- Lead (Pb): ≤ 3 Ppm
- Arsenic (As): ≤ 2 Ppm
- Mercury (Hg): ≤ 0.1 Ppm
- Pesticide Residues: Meets All International
- Highlight: **Cold Water Fruit Raspberry Juice Powder, 10000 CFU/G Fruit Raspberry Juice Powder**

Product Description

Unleash the Power of Raspberries: Introducing Hongbaiyi's Raspberry Powder

At HBY, we're passionate about capturing the goodness of nature. That's why we created our innovative Raspberry Powder. Unlike traditional drying methods,

we use a cutting-edge technology called Low-Temperature Vacuum Drying. This advanced process allows us to preserve the true essence of fresh raspberries, delivering not only vibrant color and authentic taste but also a range of exceptional benefits.

Here's what sets our Raspberry Powder apart:

Stunning Color: Low-temperature vacuum drying ensures our powder retains the natural, rich red color of raspberries, for an enticing visual appeal that evokes freshly picked berries.

Pure Raspberry Flavor: By using low temperatures, we safeguard the delicate flavor profile of raspberries. Our powder delivers a burst of natural taste that mirrors the freshness of the fruit.

Unmatched Versatility: A key advantage of our Raspberry Powder is its remarkable solubility in cold water. This makes it incredibly versatile and easy to integrate into various applications, without compromising on taste or texture.

Basic Information about Goji Berrie Juice Powder:

Specification	Description
Appearance	Fine powder, vibrant red color
Odor	Characteristic raspberry aroma
Taste	Sweet and slightly tart
Solubility	Highly soluble in cold water
Moisture Content	≤ 5%
Loss on Drying	≤ 5%
Acidity	≤ 10% (as citric acid)
pH	3.0 - 4.5
Bulk Density	≥ 0.4 g/mL
Sieve Analysis	≥ 90% pass through 80 mesh screen
